

Saudi Geophysical Expanded in Sudan:

Saudi Geophysical Consulting Office had been awarded new International Contracts with Three of the biggest Oil Companies in Republic of Sudan i.e. **Greater Nile Petroleum Operating Co. Ltd. (GNPOC)**, **White Nile Petroleum Operating Company Ltd. (WNPOC)** for a duration of Three Years and **Star Oil** for a duration of One Year.

Greater Nile Petroleum Operating Co. Ltd. (GNPOC):

Saudi Geophysical had awarded contract with GNPOC in October 2010. "Provision of QC Consultancy Services for 2D/ 3D Seismic Operations" in Blocks-1, 2 & 4.

This project includes parameters design Acquisition QC, Processing QC, Health, Safety & Environment Supervision and survey QC for three seismic crews two "3D" and one "2D". All Crews are using dynamite explosive as source in different Terrains, SWAMP, Jungle and Desert.

The project teams consist of eleven employees. Six of them are Field Acquisition Supervisors (FAS), Two Health, Safety and Environment Supervisors (HSE), Two Seismic Survey Supervisors (SSS) and One Data Processing Supervisor (DPS).

GNPOC is producing 300,000 barrel per day.
